

SERIES-3000

APPLICATIONS:

- ▶ - HOUSES OF WORSHIP
- ▶ - LIVE/CONCERT SOUND FILLS
- ▶ - CLUBS/LOUNGES
- ▶ - THEATERS/LIVE VENUES

DESCRIPTION:

Purpose-Designed

The 3000-series from Sound Bridge are 2-way, full-range devices with integral passive crossover networks. The series was designed specifically to compliment 7000-series systems in a variety of uses for both the concert/live sound and the permanent installation markets.

3000-series enclosures supplement 7000-series line array systems by serving as front-fills, under-balcony speakers, delay ring speakers, and in many other capacities. 3000-series enclosures also work well in smaller, lower-ceiling rooms and as distributed systems.

Horizontal Configuration, High Output

The 3208HTH is a horizontally-configured enclosure that is well-suited for stage-front and under-balcony situations. With highly efficient dual 8" drivers, the 3208HTH delivers 131dB peak output with low-frequency extension below 60Hz. The cabinet includes integral steel rigging points, allowing easy suspension with the use of the optional u-bracket.

Durability

3000-Series enclosures are finished in 100% solid tour-grade Duracoat™. This long-life surface is highly abrasion resistant so boxes stay new-looking, even in rigorous applications.

Custom Colors

3000-series enclosures are available in custom colors to match the décor of the venue they are being installed in. Practically any color is possible, based on matching a customer-provided sample or Pantone color.

SPECIFICATIONS:

Horizontal Dispersion: 110-degrees

Vertical Dispersion: 70-degrees

Frequency Response: 60Hz -to- 18kHz, +/-3dB

Max SPL: 125dB SPL Cont., 131dB SPL Peak

LF Drive Unit(s): (2) 8" Cone Driver

HF Drive Unit(s): (1) 1" Titanium HF

Sensitivity: 99dB 1w/1m

Power Handling: 450w (Cont.), 900w (Peak)

Impedance: 4-Ohms

Cabinet Construction: 13-Ply 3/4" High-Quality Baltic Birch plywood with dado joints, recessed baffle and 16-gauge front-perforated steel grill

Cabinet Finish: Tour-Grade Duracoat™

Connections: (2) Neutrik NL-4 Speakon

Dimensions (Imperial): 10.5" x 25.5" x 11.5"

Dimensions (Metric): 26.7cm x 65cm x 29.2cm

Weight: 48lbs (21.8kgs)

Available Accessories: UB-3208 U-Bracket wall/ceiling mount
